The Premier
Western Cape Province

Dear Madam Premier

The City Bowl Ratepayers' and Residents' Association objects to the sale of the land in Sea Point most recently used by Tafelberg School on the grounds that...

- (a) this Association is in principle against the disposal of scarce and valuable provincial land assets;
- (b) the tender process, while it may have been strictly legal, was flawed at least in its style, in that it ignored the Province's own regenerational and socio-economic objectives.

We urge you to consider the above while reaching your decision.

Yours sincerely,

Barry Smith
Chairperson
